ASIRI HARISANDU

PRODUCT DESIGNER / DEVELOPER

ABOUT

I am seeking a position within an organization as a User Experience (UX) / Product Designer and/or Interaction Design (IxD). I would like to work together with software or web design firms, communicating application design principles and strategies for ongoing development.

My aim is to create better interfaces and experiences for the user, making the web application's and technology easier for the user. Simplifying communication barriers by bridging the gap between end-users, designers, and developers.

WORK EXPERIENCE

UX DESIGNER / FRONTEND DEVELOPER

Amplifyn - UX Design Agency Colombo 3, Sri Lanka | 10/2018 - Current

Experience working with Abstract tool (version controlling UX Designs) with sketch app.

Led the design of the responsive website flow for the package checkout experience, Created streamlined design under various constraints.
